

Run Good Tour (Season 2)

Brief Overview

- Season 2 will be played without handicaps.
- Cross-Platform - you'll play against players on both PS4 and XBOX.
- You'll be assigned a "Flight" in which you'll compete against similarly skilled players in raw scoring.
- Schedule is (24) events over 8 weeks (3 Events Per Week)
- Stats & Standings will be hosted on RunGoodTour.com, not The Golf Club 2019
- Prizes will be distributed for total point scorers across all flights, per console.

Removal of Handicap System

For Season 2, we will remove handicaps on all Tours. This will be replaced with a "Flight System" that allows you to compete against your similarly skilled peers at raw scoring.

Club Requirements

There is no required club set for Season 2. I just ask that whatever clubs you use during Qualifying, you use for the entire season.

Flight System

Each flight will consist of approximately 25 golfers. Your flight will be determined by a qualifying tournament before the start of Season 2 and will include promotion/relegation at the end of Season 2.

Promotion/Relegation

The Top 20% and Bottom 20% of each Flight will swap positions for Season 3 in an effort to continually balance each flight. For example, if Flight A and Flight B each have 25 players -- the lowest scoring 5 players from Flight A will be relegated to Flight B and the top 5 scoring players from Flight B will be promoted to Flight A. This will occur for all flights.

If any single player wins two events in their flight for the same season, they will immediately be promoted to the next flight. This will happen in-season, effective the next event.

Schedule

Season 2 will feature three events per week, for eight weeks, creating a 24 event schedule. Events will run Monday-Tuesday, Wednesday-Thursday and Friday-Sunday. Each event will be two rounds.

There will be an open qualifying event prior to Event #1 that will consist of four rounds to help determine your flight.

There will be (15) Regular Events, (4) Championships, (4 Majors) and (1) Final. Each event type will have a different point system based on your finishing position.

Point System

These points will be assigned manually, by Rick, and not through The Golf Club 2019 system. Points are weighted based on the event type and will determine the official standings for the Run Good Tour. If there is a tie for a position, all players tied will receive the full point value. Point values are below:

Entry Fee & Prizes

Membership fee for Season 2 will be \$24. If you are currently paying the recurring monthly fee, no need to make any changes.

Prizes

Prizes will be awarded to Top 10 Total Point Scorers on each console. These are per console, not per flight. Since all points are being awarded per flight and the number of players in each flight should remain relatively consistent, there is no need to create further subsets. Actual prizes to be determined and will be announced before Qualifying.
